38 Ooh yeah I like how it feels

Should we love, makes us won
 Let's make a beautiful world
 Take my hand, it's alright
 Cuz tonight, we can fly

So we keep living, cause the feel's right
 And it's so nice, and I'd do it all again
 This time, it's forever
 It gets better, and I I, I like how it feels
 I like how it feels, I like how it feels
 I like how it feels, I like how it feels
 I like how it feels, I like how it feels

So just turn it up, let me go
 I'm alive, yes and no, never stop
 Give me more, more, more
 Cause I like how it feels
 Ooh yeah, I like how it feels
 You know I like how it feels
 Oh yeah I like how it feels

[Pitbull]

Will ya consider the best,
 I consider me the okra
 I want my bank account like
 Carlos slim's, or at least mini oprah
 Baby just close your eyes, and imagine
 Any part in the world, i've been there
 I'm like global warming, anything
 I just start to heat the things up, but I've been here
 Time traveller, two time zones,
 Give me some of my vodka any zone,
 Enrique Iglesias, and translation, Enrique Churches, confession
 Dale mamita, dimelo todo,
 Alante tu hombre, yo me hago el bobo
 No te preocupes, baby for real
 Because you gon like how it feels

Cause I like how it feels
 Ooh yeah, I like how it feels
 You know I like how it feels
 Oh yeah I like how it feels

I like how it feels...
 I like how it feels...
